

S-372, Helicopter Management (Applies to 2009 Version)

An error has been found in the S-372 Final Exam. Question 8 is worded differently in the student test and the answer key, both are incorrect. Answers B and D are the same in the student test and both would be considered correct by instructors. Answer B, "agency maintenance pilot inspector," in the answer key is a non-existent entity or position and should state, "agency maintenance inspector."

The question should read:

8. Before a project flight, you check the pilot's card and find he isn't approved for the mission; however, the pilot claims he is qualified. What must be done before you can continue the mission?

- a. Have the local aviation manager give verbal approval to continue.
- b. Contact an agency maintenance inspector for approval.
- c. Contact a line officer for approval.
- d. Contact a helicopter inspector pilot for approval.**
