

**S-390, Introduction to Wildland Fire Behavior Calculations
(Applies to 2006 Version)**

Several errors were found in the September 2006 version of the S-390 course. The errors have been corrected by an errata sheet. Until stock in the warehouse is depleted, all instructor guides will contain a letter and CD with the errata edits. The course materials CD ROM (NFES 2933) will be replaced and available for order by the end of April 2007; this CD will be the complete, revised package 2nd Edition, February 2007.

**S-390, Introduction to Wildland Fire Behavior Calculations
(Applies to 2006 Version)**

An error has been found on the Student CD under "Pre-Course Work Study Material" in the topography.pdf file. The answer to question #2 under **Topography Exercise Answers** on page 15 should be 4160'.
